

LESLIE BEACH REGIONAL PARK EMPLOYMENT OPPORTUNITIES

Summer Recreation Programmer:

The Programmer will be required to plan, organize, co-ordinate and deliver sport, culture and recreational programs and services for all ages during the summer months for the visiting tourists of Leslie Beach Regional Park and the residents of the Resort Village of Leslie Beach and surrounding communities. The successful applicant will need to possess a valid drivers license, be knowledgeable in computers and work related computer programs, possess a strong work ethic, be part of a team and be committed to the park, it's patrons and the community.

- The employee will be required to work days, evenings, weekends and stat holidays, when required and will be responsible to the Manager of Park Operations.

- Employment may commence as early as June 1, 2020 and end August 28, 2020.

Park Entry Office Staff:

As a front-line employee at the park entry office the employee will work with the Let's Camp On-Line Reservation Program, the Seasonal Campers Rental Program, oversee gate admittance to the park and all other camping and park related issues. Additional duties include record keeping, retail service and other assigned day-to-day duties. The employee will need to be knowledgeable in computers and work related programs, possess a strong work ethic, be part of a team and be committed to the park, it's patrons and the community.

- The successful applicant will be required to work days, evenings, weekends and stat holidays.

- The successful applicant will be responsible to the Regional Park Entry Office Supervisor and/or the Manager of Park Operations.

- Commencement of employment will depend on the availability of the applicant.

For these Employment Opportunities all applicants require a resume, including a cover letter and three (3) references.
